

Dragon
by Nuance

DRAGON

Crescendo has partnered with Nuance to offer Dragon, the market leading Speech Recognition engine, to offer clients truly tailored solutions.

Professional, Legal and Medical dictionaries with regular updates.

Deep learning technology offers up to 99% accuracy.

3x faster than typing; create, navigate and edit documents and emails by voice.

Add custom words and phrases, create auto-texts and personalised voice commands.

On premises or cloud based systems, fixed or subscription based licensing.

Purchase Dragon through Crescendo for unbeatable support, pre-loaded command packs, free mobile dictation and so much more!

30-day free trial
on all
Speech solutions!
